DOCKET FILE COPY ORIGINAL

Att: Magalai Ross Salas:

Im behalf of the two million, plus hard of hearing citizens
of the U.S. A. don't sell the bands they depend upon to
the F.M. users. Without these bands and the interference
ence the bands would have for these citizens, please don't
sell them. They need their devices without interference
to keep in touch with the world they live in each day.

Thank you

Genevieve J. Schulz
