Second Quarter Changes

As stated in NTELOS' Q1 2001 filing, Lucent Feature 4432.0 TTY/TDD for CDMA is a standard feature available in Release 16.1 and above. It also requires a 5ESS feature, 989-5E-7377 and EVRC modifications for TTY/TDD Algorithm. NTELOS has amended the scheduled software loads to reflect the following dates for each switch.

Waynesboro, VA	September 8, 2001
Norfolk, VA	November 4, 2001
Charleston, WV	November 11, 2001
Richmond, VA	November 18, 2001

All other elements of NTELOS' previous filing remain unchanged.
