Re: Docket Number: 00221  
*Ex Parte filing*

Dear Ms. Salas:

On Wednesday, July 11, 2001, Henry Goldberg, counsel for Itron, Inc. had a telephone conversation with Julius Knapp, Deputy Chief, Office of Engineering and Technology, concerning the above-referenced proceeding. We discussed the allocation of frequencies in the 1427-1432 MHz band to utility telemetry and wireless medical telemetry rather than to "Little LEO" satellite services. This issue is discussed in the comments of Itron in this proceeding.

If there are any questions in this regard, please contact the undersigned.

Sincerely,

  
Henry Goldberg  
Attorney for Itron, Inc.

cc: Julius Knapp
