Docket No. 01-111 /

REPLY COMMENTS

Radio East Corp., by its attorney, submits its reply comments in this proceeding. With respect thereto, the following is stated:

No other party filed Comments in this proceeding. It is noted, however, that an application for minor modification has been filed on behalf of Station WMCG (File No. BMPH-20010522AAD) that evidently is mutually-exclusive with the allotment proposed in this proceeding.

Pursuant to existing Commission rules, that application properly is treated as a Counterproposal in this proceeding. *Amendment of the Commission's Rules to Permit FM Channel and Class Modifications by Application*, 8 FCC Rcd 4735, 4738 n.22 (1993). When the Commission ultimately engages in any comparison of the proposals, it should be noted that while the Alamo proposal will be entitled to consideration under "Priority (3)" (first local service to a community), the WMCG proposal only will be entitled to consideration under "Priority (4)" (other public interest matters). *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982). Consequently, in any comparison between the WMCG application and RM-10124, the proposal filed by Radio East to allot Channel 287C3 to Alamo, Georgia clearly should prevail.

WHEREFORE, it is respectfully requested that the rulemaking proposal of Radio East, inc., for allotment of Channel 287C3 to Alamo, Georgia, be granted.

Respectfully submitted,
