REPLY TO JOINT PARTIES MOTION TO STRIKE

Stargazer Broadcasting, Inc. ("Petitioner") hereby respectfully submits this reply to a Motion to Strike filed by First Broadcasting, L.P., Next Media Licensing, Inc., Rawhide Radio, L.L.C., Capstar TX L.P. and Clear Channel Broadcasting Licenses, Inc. (" Joint Parties") in the above captioned proceeding.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 232 A to Shiner, Texas, as that community's first aural broadcast transmission service. It is petitioners position that the Joint Parties Motion to Strike is nothing more than a veiled attempt to inject untimely comments beyond the mandated deadline. It seems that the JP argument is that the FCC staff's left hand does not know what the right one is doing. On the one hand the JP filed a counterproposal in MM Docket No. 00-148 that the FCC staff has for its own good reasons has yet to publish in the data base or by the JP own admission in its Motion to Strike put on public notice (paragraph 6). On the other hand the FCC staff

accepted for public notice and installed in the data base petitioners NPRM and assigned it MM Docket No. 01-105. Is it possible that the FCC's own staff was not aware of the JP counterproposal in MM Docket No. 00-148? This seems unlikely.

It is petitioners request that the JP Motion to Strike itself be stricken and Channel 232 A be allotted to Shiner, Texas. Should channel 232 A be allotted to Shiner petitioner will apply for the allotment and should it be granted permission to do build the facility with all speed.

The information provided in these Reply Comments is correct and true to the best of my knowledge.

Respectfully submitted,
