PETITIONER's COMMENTS

Please accept these comments as restated below from Proponents original petition.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 259A to **Encinal**, Texas, as that community's first aural broadcast transmission service. **Encinal** is an incorporated city with a population in excess of 650 people according to the January 1, 1998 Texas State Data Center. **Encinal** has its own elementary school system, its own pro-temp mayor, Javier Mancha, its own post office and a number of churches.

Should this petition be granted, and Channel 259A be allotted to **Encinal**, Texas Petitioner will apply for Channel 259A, and after it is authorized, will promptly construct the new facility.

The information provided in these Comments, and in the original Petition for Rule Making is correct and true to the best of my knowledge

Respectfully submitted,
