Re: Docket 90-7 /

Dear Ms. Alford:

Thank you for your telephone call today. The purpose of this message is to withdraw the request for an extension filed by the undersigned on August 2, 2001 in the above-numbered docket.

The FCC staff has explained that it believes it has no control over Region 20 in regard to FOIA requests. The FCC has provided all documents requested from the FCC itself, as opposed to Region 20. A state FOIA request has been filed with Fauquier County directly seeking the information that Region 20 did not provide.

This route appears to be more expedient than filing a suit against the Commission and Region 20 under the federal FOIA. The extension request is therefore withdrawn.

Thank you for your consideration in this matter.

Very truly yours,

John A. Fraser, III  
Attorney at Law
