Ms. Magalie Roman Salas, Secretary  
Federal Communications Commission  
The Portals, TW-A325  
445 12<sup>th</sup> Street, S.W.  
Washington, D.C. 20554

Re: Ex Parte Notification – WT Docket No. 00-32

Dear Ms. Salas:

This letter is being filed on behalf Motorola, Inc. On September 13, 2001, John Lyons, Director, Telecommunications Strategy and Regulation, Motorola, Richard Roberts, Director of Special Operations, International Union of Police Associations, and James Boone, Vice President for Strategic Planning, Operation Respond, met with Peter Tenhula, Senior Legal Advisor, Office of Chairman Michael Powell, and Monica DeSai, Legal Advisor, Commissioner Kevin Martin.

The meeting was devoted to a discussion of the Commission's rulemaking proceeding to allocate the spectrum found at 4.94 – 4.99 GHz. Mr. Roberts and Mr. Boone provided the FCC representatives with examples, drawn from their personal experience in the public safety field, of how the police, fire, and emergency rescue personnel would use broadband wireless applications to save lives and property while responding to major public safety incidents threatening their communities. The Motorola representative stated that Motorola is strongly supporting the public safety community in its effort to obtain the allocation of the 4.9 GHz spectrum and urged that the spectrum be allocated to public safety as soon as possible.

Please contact John Lyons at (202) 371-6936 regarding any questions concerning this matter.

Respectfully Submitted,

John Lyons
