To: Chief, Allocations Branch

PETITION FOR RULEMAKING

Broadcast Equities Corp., by its attorney, hereby requests that the FM Table of Allotments be modified as follows:

<u>CITY</u>	<u>PRESENT</u>	<u>PROPOSED</u>
Dexter, GA	-----	300A

With respect thereto, the following is stated:

Dexter, Georgia is an incorporated town, with a 2000 U.S. Census population of 509 persons located in Laurens County. Attachment 1. It is governed by a Mayor and a five-member City Council. A number of businesses located in Dexter associate themselves with the town of Dexter, including Dexter Automotive Parts and Service, Dexter Baptist Church, Dexter Bonded Warehouse, Dexter supply Co., and Laurens County Dexter Recycle. Attachment 2.

At present, Dexter has no local radio service. Therefore, this would represent first local service (Priority "3").

As indicated in the attached Technical Exhibit (Attachment 3), channel 260A can be assigned to Dexter, using the reference site coordinates of 32-33-36 N, 83-05-28 W. At the reference site, all minimum distance separation requirements of §73.202(b) of the rules are met, as well as the

principal community contour coverage requirements of §73.315(a) except for Station WEGF(FM), Channel 300, Hampton, Georgia. Station WEGF has been granted a construction permit to relocate its licensed facilities, and has begun operation at that new location. A license application (File No. BLH-20010921ABE) is already on file. At that location, this proposal will be fully-spaced with Station WEGF.

In the event that channel 300A is allotted to Dexter, Broadcast Equities Corp., will file an application for a construction permit to operate a new FM broadcast station at Dexter, and, if authorized, will promptly construct the station.

Accordingly, Broadcast Equities Corp. respectfully requests that this Petition be adopted, that the Commission amend the FM Table of Allotments to specify the new channel at Dexter, Georgia, and that the Commission request comment on the proposal contained herein.

Respectfully submitted,

BROADCAST EQUITIES CORP.

Petition for Rule Making
Channel 300A – 107.9 MHz
Dexter, Georgia
September 2001

TECHNICAL COMMENTS

These comments are filed on behalf of Broadcast Equities Corp., proponent to allot Channel 300A to Dexter, Georgia. Exhibit #1 is an allocation study indicating that at the reference coordinates of North Latitude 32° 33' 36" and West Longitude 83° 05' 28", the spacing requirements of §73.207 are met or exceeded. Attention is directed to the WPEZ Class C1 license at Macon and the Channel 300C1 allocation at Hampton. WPEZ requested that it be reallocated from Macon to Hampton and has been ordered to do so. In actuality, WPEZ has requested a further downgrade to Class C2 at Hampton (Construction Permit BPH-19990203ID). Through local knowledge this Class C2 station is presently under construction. Broadcast Equities Corp. acknowledges the need to have any Dexter allocation predicated on the licensing of WPEZ, Hampton, Georgia at Class C2. From the reference location proposed herein, Dexter, Georgia will be served by the 70 dB contour as seen in Exhibit #2.

Dexter is located in Laurens County, Georgia. There are no other AM, FM or television services allocated to Dexter. According to the 2000 U.S. Census, Dexter has a population of 509 persons and Laurens County has a population of 44,874 persons. From the reference coordinates, assuming a class maximum station, not allowing for terrain variation, 2,516.07 square kilometers would be served and 51,762 persons reside within the 60 dBu contour.

When Channel 300A is allotted to Dexter, Broadcast Equities Corp. will file timely any paperwork necessary to apply for the new station

All statements made herein are thought to be true and correct to the knowledge of the undersigned.
