IN THE MATTER OF THE REQUEST OF )	ORDER GRANTING
INTERSTATE TELECOMMUNICATIONS )	CERTIFICATION
COOPERATIVE, INC. FOR CERTIFICATION )	
REGARDING ITS USE OF FEDERAL )	TC01-102
UNIVERSAL SERVICE SUPPORT )	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 13, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Interstate Telecommunications Cooperative, Inc. (Company) regarding its Request for Certification Regarding Its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan

<sup>1</sup>CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On August 16, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of August 24, 2001, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 7, 2001, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 20<sup>th</sup> day of September, 2001.

FEDERAL UNIVERSAL SERVICE SUPPORT )           TC01-127

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 20, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Midstate Communications, Inc. (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal

universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On August 23, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of August 31, 2001, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 7, 2001, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 20<sup>th</sup> day of September, 2001.

OF FEDERAL UNIVERSAL SERVICE )	
SUPPORT )	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 20, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Mount Rushmore Telephone Company and Fort Randall Telephone Company (Company) regarding their Request for Certification Regarding their Use of

TC01-115

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 17, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Stockholm-Strandburg Telephone Company (Company) regarding its Request for Certification Regarding Its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use

of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On August 23, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of August 31, 2001, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 7, 2001, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 20<sup>th</sup> day of September, 2001.

USE OF FEDERAL UNIVERSAL SERVICE )	TC01-116
SUPPORT )	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 17, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Sully Buttes Telephone Cooperative, Inc. (Company) regarding its Request for Certification Regarding Its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 20, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Valley Telephone Company (Company) regarding its Request for Certification Regarding Its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal

IN THE MATTER OF THE REQUEST OF ) VIVIAN TELEPHONE COMPANY D/B/A ) GOLDEN WEST COMMUNICATIONS, INC. FOR ) CERTIFICATION REGARDING ITS USE OF ) FEDERAL UNIVERSAL SERVICE SUPPORT )	<b>ORDER GRANTING CERTIFICATION</b>  <b>TC01-113</b>
--	--

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 17, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from Vivian Telephone Company d/b/a Golden West Communications, Inc. (Company) regarding its Request for Certification Regarding Its Use of Federal Universal Service Support. The purpose of this filing was to provide information

<sup>1</sup>CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On August 23, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of August 31, 2001, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 7, 2001, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 20<sup>th</sup> day of September, 2001.

TC01-126

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2001 is currently due to be filed with the FCC and USAC on or before October 1, 2001. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On August 20, 2001, the South Dakota Public Utilities Commission (Commission) received a filing from West River Telecommunications Cooperative (Mobridge) (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan

for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On August 23, 2001, the Commission electronically transmitted notice of the filing and the intervention deadline of August 31, 2001, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 7, 2001, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.
