PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 273A at San Diego, Texas, as that community's first competing FM service.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating channel 273A to San Diego, TX, as that community's first competing FM service.

San Diego is the County Seat of Duval County. An incorporated city with a Mayor and City Council, San Diego has a population of 5,234 people according to the Texas State Data Center, estimate as of January 1, 1996.

San Diego has its own independent school district, its own fire department, its own City Hall, its own post office and its own Chamber of Commerce. Duval County has its courthouse and sheriff's office in San Diego.

Attached hereto is a channel study confirming that Channel 273A can be allocated to San Diego, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

27 46 34 N
98 20 40 W

Should this petition be granted, and Channel 273A be allotted to San Diego, Texas Petitioner will apply for Channel 273A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
