**Re: CC Docket No. 94-102 / Third Quarterly TTY Implementation Report
Conestoga Wireless Company**

Dear Ms. Salas:

On behalf of Conestoga Wireless Company ("Conestoga"), we hereby submit Conestoga's third quarterly report on implementation of TTY access to 9-1-1 over its digital wireless network, pursuant to the Commission's *Fourth Report and Order* in CC Docket No. 94-102, released December 14, 2000.

Please contact the undersigned counsel if you have any questions.

Very truly yours,

John A. Prendergast
D. Cary Mitchell

Counsel to Conestoga Wireless Company

**Re: CC Docket No. 94-102
Third Quarterly TTY Implementation Report
Conestoga Wireless Company**

Dear Ms. Salas:

Conestoga Wireless Company ("Conestoga") hereby submits its third quarterly report on implementation of TTY access to 9-1-1 over its digital wireless network, pursuant to the Commission's *Fourth Report and Order* in CC Docket No. 94-102, released December 14, 2000. Conestoga is licensed to provide broadband PCS services in the following BTA markets:

Market	Block	Sub	Call Sign	Market Name
BTA360	C		WPOJ725	Pottsville, PA
BTA370	C	2	WPOJ726	Reading, PA
BTA429	C		WPOJ727	State College, PA
BTA437	C		WPOJ728	Sunbury-Shamokin, PA
BTA475	C		WPOJ729	Williamsport, PA
BTA360	D		KNLF905	Pottsville, PA
BTA370	D		KNLG701	Reading, PA
BTA437	D		KNLG945	Sunbury-Shamokin, PA
BTA475	D		KNLG703	Williamsport, PA

Conestoga's digital wireless network is currently using GSM infrastructure equipment from Nortel. As a result, Conestoga is dependent on Nortel for the implementation of a digital TTY solution. Once the Nortel TTY solution becomes commercially available, Conestoga will implement the solution throughout its network.¹

¹ Conestoga notes that on July 25, 2001, its parent company, Conestoga Enterprises, Inc. ("CEI") entered into a definitive merger agreement with NTELOS, Inc. Detailed information about NTELOS is available online at www.ntelos.com. On September 14, 2001, the parties filed an FCC Form 603 application for the transfer of control of CEI's subsidiary companies to NTELOS (*see* FCC File No. 0000586729). With respect to the broadband PCS licenses held by Conestoga, the proposed acquisition is the first step in a two-step transaction. The second step calls for these broadband PCS licenses to be assigned from Conestoga to VoiceStream Wireless Corp.

It is Conestoga's understanding that Nortel will be filing a TTY capability status report through the TTY Forum. Conestoga therefore directs the Commission to Nortel's report for specific information regarding the company's TTY development and deployment activities. Conestoga assures the Commission that it will make every effort to implement TTY capability in its markets by the June 30, 2002 deadline.

Respectfully Submitted,

CONESTOGA WIRELESS COMPANY
