WFTV-TV Holdings, Inc.
Fee Control No. 0010128994153005

Dear Mr. Latek:

This is in response to your request for refund of the \$1,380.00 filing fee paid on behalf of WFTV-TV, Inc. (WFTV), licensee of the above-listed auxiliary stations (stations), in connection with WFTV's twelve applications electronically submitted to correct the geographic coordinates of the sites from which the stations operate. You state that the corrections were necessary because recent surveys of the stations' antenna sites (conducted as part of the antenna structure registration process) revealed that the coordinates for the transmit and receive sites are slightly different from what was recorded previously based on earlier methods of measurement. You also state that WFTV does not propose in its applications to make any physical changes to the operations of the stations.

With the exception of the applications corresponding to file numbers 0000235319, 0000235293 and 0000235298, the Commission's records indicate that all of the above-referenced applications propose changes that are not merely corrections to site data, for

example, increases in antenna beamwidth or changes in antenna azimuth. The Commission's antenna correction policy that you cite, *Streamlining the Commission's Antenna Structure Clearance Procedure and Revision of Part 17 of the Commission's Rules Concerning Construction, Marking, and Lighting of Antenna Structures, Report and Order*, 11 FCC Rcd 4272, 4287 (1995) (*Antenna Report and Order*), pertains exclusively to the correction of site data to conform licenses with the initial registration data for antenna structures built before July 1, 1996. Because this policy relates to the registration of existing structures, licensees sited on structures that were not registered by July 30, 1998, had an independent obligation to notify the Commission in cases of non-registration and may be subject to enforcement action for failure to do so. See *Streamlining the Commission's Antenna Structure Clearance Procedure*, FCC 00-76, para. 8, n.39 (Mar. 8, 2000). Because the changes embodied in WFTV's applications (with the exception of the applications corresponding to file numbers 0000235319, 0000235293 and 0000235298) are more extensive than the correction of site data under the *Antenna Report and Order*, they are subject to an application fee under 47 C.F.R. §1.1102(41)(a). Therefore, your request is denied with respect to these applications. Your request, however, is granted with respect to the applications corresponding to file numbers 0000235319, 0000235293 and 0000235298 because they merely propose conforming corrections to site data.

~~A check, made payable to the maker of the original check, and drawn in the amount of \$345.00 will be sent to you at the earliest practicable time. If you have any questions concerning this letter, please call the Revenue & Receivables Operation Group at (202) 418-1995.~~

Sincerely,

Mr
Mark Reger
Chief Financial Officer

Dear Ms. Salas:

On behalf of WFTV-TV Holdings, Inc., licensee of the above-listed auxiliary stations, we hereby request a refund of a filing fee in the amount of \$1,380.00.

On October 9 and 10, 2000, WFTV electronically submitted twelve applications to correct the geographic coordinates of the sites from which the above-listed auxiliary stations operate. We enclose a copy of the filing fee submission for your reference. This correction was necessary due to recent surveys of the stations' respective antenna sites, which were conducted in connection with the antenna structure registration process. The surveys revealed that the coordinates for the transmit and receive sites are slightly different from what was recorded previously based on earlier methods of measurement.

Magalie Roman Salas, Esquire
October 13, 2000
Page 2

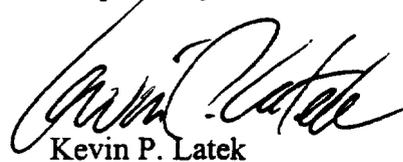

In *Report and Order in WT Docket No. 95-5*, 11 FCC Rcd. 4272, ¶ 35 (1995), the Commission concluded that licensees "will not be required to submit a filing fee when correcting site data." WFTV's application proposes to correct site data, and WFTV does not propose to make any physical changes to its operations. The Bureau's staff has indicated to us, however, that the FCC's electronic filing system will not allow us to submit corrective applications unless the applicant pays the fees imposed on modification applications. Based on the foregoing, WFTV respectfully requests a refund in the amount of \$1,380.00.

Because our firm paid the filing fee for the application on our client's behalf, please make the refund payable to:

Dow, Lohnes & Albertson, PLLC
1200 New Hampshire Avenue, N.W.
Suite 800
Washington, D.C. 20036
Attention: Kevin P. Latek

Payment for Request for Modification to Correct Coordinates

Dear Sir or Madam:

On behalf of WFTV-TV Holdings, Inc., licensee of WFTV-TV, Orlando, Florida and the above-listed broadcast auxiliary stations, we hereby submit in triplicate a check in the amount of \$1,380.00 to cover the filing fees for the above-listed modification applications that WFTV submitted electronically on October 9 and 10, 2000. The applications propose to correct the geographic coordinates and other technical data for the above-listed facilities. Please contact me if you have any questions about this filing.

Respectfully submitted,

Kevin P. Latek

Subject: Re: WFTV-TV

Thanks so much, Mary.

Privileged and Confidential FCC Document,
Attorney Work Product of Joanne F. Wall

>>> Mary Shultz 05/21/01 10:53AM >>>

The modifications that were made were either an increase in antenna beamwidth or a change in antenna azimuth.

>>> Joanne Wall 05/21/01 09:56AM >>>

Mary,

Thank you for looking into this! Would you be able to give me a few examples of such other modifications? I would like to cite to those modifications in a letter to the applicant's attorney as reasons for denying the fee waiver request.

Joanne

Privileged and Confidential FCC Document,
Attorney Work Product of Joanne F. Wall

>>> Mary Shultz 05/21/01 09:49AM >>>

Joanne,

We checked these applications and most contained other modifications. The only ones which did not were 235319, 235293 and 235298.

Mary Shultz

Roger,

A couple of months ago your shop helped me with a matter involving microwave auxiliary stations and now I have a very similar matter and I'm wondering if you all could help out again.

Specifically, the matter involves certain applications to correct site data associated with a request for refund of filing fee that I'm reviewing. In particular, WFTV-TV, Inc. (WFTV), the licensee of a number of auxiliary stations (which I list below), filed twelve applications on October 11, 2000 (also listed below) to correct the geographic coordinates of the sites from which the stations operate. WFTV-TV states in the request for refund that the corrections were necessary because recent surveys of the stations' antenna sites (conducted as part of the antenna structure registration process) revealed that the coordinates for the transmit and receive sites are slightly different from what was recorded previously based on earlier methods of measurement. WFTV also states in its request for refund that it does not propose to make any physical changes to the operations of the stations.

I suspect that the applications do not merely correct site data. Would you or someone in your shop be able to determine whether the applications merely correct site data or do more than that? Please let me know and thanks!

Joanne
