(Hooks, Texas))

To: John Karousos, Chief
Allocations Branch
Mass Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Katherine Pyeatt respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 231A at Hooks, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 231A to Hooks, Texas, as that community's first competing FM service. Hooks is an incorporated city with a population of 2,826 people as of January 1, 1998 according to the Texas State Data Center. Hooks has its own mayor, Michael Babb, its own post office, its own school system, its own fire department, its own city hall and a number of local churches. The proposed channel 231A to Hooks will provide additional diversity and an outlet for local self-expression to Hooks residents and therefore is in the public interest.

Petition for Rule Making
Hooks, Texas
Page 2

Attached hereto is a channel study confirming that Channel 231A can be allocated to Hooks, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

33 28 30 N
94 21 32 W

Should this petition be granted, and Channel 231A be allotted to Hooks, Texas Petitioner will apply for Channel 231A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Katherine Pyeatt", written over a horizontal line.
