

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The newspaper/broadcast cross-ownership cap is a crucial element of our democratic media, and it should not be weakened.

Hi!

I think you're doing a bad thing breakng the rules for cross-ownership. It's important to study the example in Brazil where one company owns more than 50% of the audience IN THE WHOLE COUNTRY! The president of this company, Globo, is virtually the President of Brazil!
