

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Please do not take the diversity that remains, away from the people of the United States. Having a wide variety of sources and voices is crucial to the health and betterment of this country. Please do not put in place regulations that will allow a virtual monopoly on cable capabilities. Thank you
