Re: XM Radio, Inc.  
Request for Low Power Repeater Information

Dear Mr. Jacobs:

Attached for your files is a copy of the correspondence from the International Bureau requesting information concerning XM Radio, Inc.'s use of low power terrestrial repeaters. This letter was inadvertently sent to the incorrect counsel of record. I apologize for any inconvenience this may have caused. I understand, however, that you are aware of the request and the filing deadline.

Please contact me at (202) 418-7276 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "S. Alyssa Roberts".

Re: XM Radio, Inc.  
Request for Low Power Repeater Information

Dear Mr. Wiltshire:

This letter requests information concerning XM Radio, Inc.'s (XM Radio) use of low power terrestrial repeaters (LPR's). On September 17, 2001, the International Bureau granted XM Radio special temporary authority (STA) to operate satellite digital audio radio service complementary terrestrial repeaters.<sup>1</sup> In the STA Order the Bureau directed XM Radio to provide the Commission, upon request, a list of the locations and technical specifications of terrestrial repeaters with an EIRP of 2 kW or less as of the date of the grant of the STA.<sup>2</sup> Pursuant to the STA Order, we are now requesting that XM Radio provide the Commission the following information regarding its LPR's – those operating with an EIRP of 2 kW or less: 1) location – including geographic coordinates; 2) antenna type; 3) antenna orientation; 4) antenna radiation pattern vertical downtilt; 5) total EIRP; and 6) height Above Ground Level (AGL).

This information must be filed with the Secretary of the Federal Communications Commission on or before November 13, 2001 with a courtesy copy to Rockie Patterson of my staff. Please contact Rockie Patterson at (202) 418-1183 if you have any questions.

Sincerely,

  
Donald Abelson  
Bureau Chief

<sup>1</sup> XM Radio, Inc., Application for Special Temporary Authority to Operate Satellite Digital Audio Radio Service Complementary Terrestrial Repeaters, *Order and Authorization*, DA 01-2172 (rel. September 17, 2001) (*XM Radio STA Order*).

<sup>2</sup> *XM Radio STA Order* at para. 17.
