**DOMESTIC SECTION 214 APPLICATION FILED BY INTELICALL OPERATOR SERVICES, INC. ("IOS") FOR A *PRO FORMA* TRANSFER OF CORPORATE CONTROL TO ILD HOLDINGS, INC.**

**PLEADING CYCLE ESTABLISHED**

**CC Docket No. 01-350**

On November 8, 2001, Intellicall Operator Services, Inc. ("IOS"), by its attorneys and pursuant to section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.01 of the Commission's Rules, 47 C.F.R. § 63.01, filed an application requesting authority to complete a *pro forma* transfer of corporate control whereby the shareholders of IOS's parent, ILD Telecommunications, Inc. ("ILD"), will become shareholders of a new company, ILD Holdings, Inc. ("Holdings") which will then own all of the issued and outstanding stock of ILD. ILD will continue to own all of the stock of IOS. This application is filed for "domestic" service, as IOS holds blanket Section 214 authority.

Intellicall Operator Services, Inc., a Delaware corporation headquartered at 16200 Addison Rd., #100, Dallas, TX 75001, is a direct, wholly owned subsidiary of ILD. IOS is authorized to provide domestic and international service by the Commission. IOS is also authorized to provide local and intrastate interexchange service in numerous states. IOS currently serves business and residential customers.

ILD Telecommunications, Inc., a Delaware corporation headquartered at 13000 Sawgrass Village Circle #5, Porte Vedra Beach, FL 32082 is a widely-held non-public company. It holds no telecommunications authorizations in its own name and all of its telecommunications services are offered by its subsidiary, IOS.

ILD Holdings, Inc., a Delaware corporation located at the same address as ILD, is a newly formed Delaware corporation. It will function as a holding company and, upon completion of the merger transaction for which approval is sought, it will own all of the stock of ILD, and the current shareholders of ILD will become shareholders of Holdings with identical interests.

Applicants assert that this application serves the public interest, convenience and necessity. It involves no change in the entity providing service to customers nor does it propose any change to the terms and conditions of such service. The restructuring does not affect the technical or financial qualifications of IOS nor the management of IOS. The existing offices and directors will remain the same, as will the customer and regulatory contacts for IOS. Thus, the transaction will be completely transparent to customers.

The restructuring is intended to establish a new holding company structure and it is expected to facilitate current and future financing transactions by permitting the pledge of the stock of all companies holding significant assets, including ILD. Applicants state that because ILD has numerous shareholders, it is not practical to provide lenders with a pledge of all of its such as presently structured. With the restructuring, ILD's stock can be pledged as it will all be owned by Holdings.

### **GENERAL INFORMATION**

The transfer of control request identified herein has been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any transfer of control application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies. Interested parties may file petitions to deny within 15 days following the release of this Public Notice.<sup>1</sup> Final action will not be taken on the applications earlier than 15 days following the date of this Public Notice.<sup>2</sup>
