OFFICE OF THE SECRETARY

In the Matter of

Amendment of Section 73.202(b))
Table of Allotments)
FM Broadcast Stations)
(Hilton Head Island, Hollywood,)
and Port Royal, South Carolina))

MM Docket No. _____
RM - _____

To: Chief, Allocations Branch
Policy and Rules Division
Mass Media Bureau

PETITION FOR RULE MAKING

Apex Broadcasting, Inc. ("Apex"), licensee of Station WJZX(FM), Port Royal, South Carolina, and Monterey Licenses, LLC ("Monterey"), licensee of Station WLOW(FM), Hilton Head Island, South Carolina (together, "Joint Petitioners"), by their counsel, hereby request that the Commission amend the FM Table of Allotments to delete Channel 259C at Port Royal and allot Channel 259C to Hollywood as that community's first local service. If this Petition is granted, Apex will file an application to modify the license of WJZX to specify Hollywood as its community of license. In order to avoid depriving Port Royal of its sole aural service, the Joint Petitioners propose to reallocate Channel 300C2 from Hilton Head Island to Port Royal. Monterey will file an application to modify the license of WLOW to specify Port Royal as its community of license. Hilton Head Island will retain local aural service. No area will lose service as a result of these proposals because no facilities modifications are necessary. Accordingly, the net result of this petition will be a new first local service at Hollywood, a preferential arrangement of allotments.

No. of Copies rec'd 0+4
List ABCDE MMS
02-14

The following table summarizes the changes requested in this Petition:

City	Channel	
	Existing	Proposed
Hilton Head Island, South Carolina	291C2,	291C2 ¹
Hollywood, South Carolina	300C2	259C
Port Royal, South Carolina	259C	300C2

In support hereof, the Joint Petitioners state as follows:

I. Technical Analysis

1. As demonstrated in the Technical Statement, Channel 259C can be allotted to Hollywood, South Carolina at coordinates 32-25-10 North Latitude, 80-28-30 West Longitude consistent with Section 73.207 of the Commission's Rules. *See* Exhibit 2. The allotment can be made at the current transmitter site of WJZX. The station is located 47.7 kilometers south-southwest of Hollywood and currently provides a 70 dBu signal to the community. Since there is no change in facilities, there will be no gain or loss areas associated with the reallocation.

2. Likewise, Channel 300C2 can be allotted to Port Royal, South Carolina at coordinates 32-13-36 North Latitude, 80-50-53 West Longitude consistent with Section 73.207 of the Commission's Rules. *See* Exhibit 4. The allotment can be made at the current transmitter site of WLOW. The station is located 24.7 kilometers southwest of Port Royal, and currently provides a 70 dBu signal to the community. Since there is no change in facilities, there will be no gain or loss areas associated with the reallocation.

II. Change in Community of License

3. In order to grant a change in community of license without opening the license to competing applicants, (i) the proposed use must be mutually exclusive with the existing use; and (ii) the proposed allotment plan must represent a preferred arrangement of allotments for the

communities involved. *Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 3870 (1989), *recon. granted in part*, 5 FCC Rcd 7094 (1990) (“*Community of License*”). In addition, the proposed allotment plan must avoid depriving a community of its sole local service. These three criteria are satisfied in this case. First, since there are no facilities modifications being proposed, each reallocation is mutually exclusive with its current use. *See Georgetown and Garden City, South Carolina*, 12 FCC Rcd 13394 (1997) (reallocation of Channel 249C1 from Georgetown to Garden City with no changes in facilities). Second, the relocation results in a preferred arrangement of allotments under the Commission's priorities, since Hollywood (2000 U.S. Census pop. 3,946) will receive a first local service (Priority 3) while Hilton Head Island (2000 pop. 33,862) will retain local service from Stations WFXH-FM and WFXH(AM) (Priority 4). *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982). Port Royal will continue to receive local service since the reallocation of WLOW(FM) from Hilton Head Island to Port Royal will replace the loss of WJZX from Port Royal. *See Dayton, Incline Village and Reno, Nevada*, 16 FCC Rcd ____ (Aug 31, 2001) (Channel 295C reallocated from Reno to Incline Village, with no change in facilities, as a replacement service for loss of Channel 261C2 at Incline Village).¹

4. Neither Hollywood nor Port Royal is located within an Urbanized Area. The 70 dBu Signal from WJZX currently covers only 4.2 percent of the Charleston Urbanized Area, and will continue to do so after its reallocation to Hollywood. Similarly, the 70 dBu signal from WLOW covers only 34.9 percent of the Savannah, Georgia Urbanized Area, and will continue to

¹ *See also Pana, Taylorville, and Macon, Illinois*, 16 FCC Rcd 12588 (2001) (replacement service at Macon); *Aberdeen, Elma, and Montesano, Washington*, 16 FCC Rcd ____ (April 13, 2001) (replacement service at Elma); *Mill Hall, Jersey Shore, and Pleasant Gap, Pennsylvania*, 15 FCC Rcd 25568 (2000) (replacement service at Mill Hall).

do so after its reallocation to Port Royal. Therefore, neither relocation implicates the Commission's policy concerning the potential migration of stations from underserved rural areas to well-served urban areas. *See Elizabeth City, North Carolina and Chesapeake, Virginia*, 9 FCC Rcd 3586 (1994).²

5. The Town of Hollywood, South Carolina, is a community deserving of a first local service. Hollywood is a rural community located in Charleston County between Adams Run and Johns Island along Highway 162 on the banks of the North Edisto River near Wadmalaw Island. Hollywood is listed in the U.S. Census 2000 with a population of 3,946. The U.S. Post Office associates ZIP Code 29449 with Hollywood. The U.S. Postal Service operates the Hollywood Main Post Office at 6345 Highway 162, Hollywood, SC 29449. *See Exhibit A.* Hollywood's government functions independently of any other governmental units. It has an elected mayor and six member Town Council. The mayor and council members each serve four year terms. The town government has a town clerk/treasurer and planning administrator. Among the services provided by the town government are local planning and zoning, business permits and licenses, and water and sewer services. The town has three parks for recreation. Police protection is provided by the Charleston County Sheriff Office. The St. Paul Fire District has three stations in Hollywood offering fire, rescue, EMS and other services to the citizens of Hollywood. *See Exhibit A.*

6. Hollywood businesses include a wide variety of companies from retail to utilities. A number of businesses identify themselves with the community by using "Hollywood" in their name, for example: Hollywood Hound Hotel, Hollywood True Value Hardware, Hollywood Liquor Store, Hollywood Coin Laundry, and Hollywood Travel Agency. The largest employer

² *See also Dayton, Nevada et al., supra* (no Tuck showing required even when coverage of Reno Urbanized Area remained at 100 percent since no transmitter site relocation was proposed).

in Hollywood is Weatherguard, which specializes in the manufacturing of high-impact windows, employing approximately 50 employees. *See* Exhibit A.

7. The Charleston County School District provides public education for children in Hollywood. County schools located in Hollywood are R.D. Schroder Middle School and Baptist Hill High School. St. Paul Country Day School is a private K -12 school located in Hollywood. Hollywood is also home to a number of religious organizations, such as Bethel Baptist Church, Christ St. Paul's Episcopal Church, Greater Bethlehem AME Church, St. Paul's Church of Our Lord, Mount Zion AME Church, Saint James Holiness Church, and Shiloh Baptist Church. Medical services are available from the Sea Island Medical Center and St. Paul's Medical Group. Among the civic organizations located in Hollywood are the Exchange Club and three Masonic lodges. *See* Exhibit A.

III. CONCLUSION

8. The allotment of Channel 259C to Hollywood, South Carolina is in the public interest because Hollywood will receive its first local service. Port Royal, South Carolina will retain local service since Channel 300C2 is proposed as a replacement service. Hilton Head Island will retain local service from two stations. The Commission should promptly issue a Notice of Proposed Rule Making as described herein.

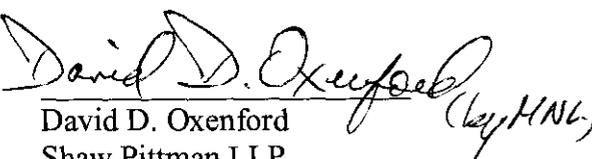

Respectfully submitted,

APEX BROADCASTING, INC.
RE-ALLOT CHANNEL 259C
HOLLYWOOD, SOUTH CAROLINA
MONTEREY LICENSES, LLC
RE-ALLOT CHANNEL 300C2
PORT ROYAL, SOUTH CAROLINA
January 2002

TECHNICAL STATEMENT

1. This technical statement and attached exhibits have been prepared on behalf of Apex Broadcasting, Inc., licensee of WJZX, Channel 259C, Port Royal, South Carolina, and Monterey Licenses, LLC, licensee of WLOW, Channel 300C2, Hilton Head Island, South Carolina, herein after referred to as "Joint Petitioners". The Joint Petitioners herein request that Channel 259C be re-allotted from Port Royal, South Carolina, to Hollywood, South Carolina. Further, the Joint Petitioners request that Channel 300C2 be re-allotted from Hilton Head Island, South Carolina, to Port Royal, South Carolina. The proposed allotment to Hollywood is mutually exclusive with the present WJZX allotment at Port Royal, South Carolina, and the proposed allotment to Port Royal is mutually exclusive with the present WLOW allotment at Hilton Head Island, South Carolina. The proposed allotment to Hollywood, South Carolina, will provide this community with its first locally licensed FM station. Further, since WJZX is presently the only service licensed to Port Royal, the re-allotment of Channel 300C2 to Port Royal will provide a replacement channel to the community without depriving Hilton Head Island of its only licensed broadcast outlet.

DISCUSSION

2. The community of Hollywood, South Carolina, is located in southwestern Charleston County, South Carolina. Hollywood is an incorporated city listed in the 2000 U.S. Census with a population of 3,946 persons. The city of Hollywood is governed by a Mayor and six member City Council. Hollywood has numerous businesses, churches and residences.¹ Further, Hollywood is not located in any Urbanized Area and is designated a city, as defined by the U.S. Census of South Carolina.

PROPOSAL

3. Channel 259C can be allotted to Hollywood, South Carolina, with a site restriction of 47.7 kilometers south-southwest of the community at the present WJZX transmitter site. The geographic coordinates for the proposed allocation site are North Latitude 32° 25' 10" and West Longitude 80° 28' 30". Attached, as Exhibit #1, is a map depicting where a transmitter site for Channel 259C can be located and meet the Commission's rules. Exhibit #2 is a §73.207 spacing study from the proposed site, demonstrating that Channel 259C meets the Commission's minimum distance separation requirements to all licensed, applied for or proposed facilities (with the exception of the licensed WJZX facilities). From the proposed reference site, a 3.16 mV/m contour will be placed over all of Hollywood.

4. Channel 300C2 can be allotted to Port Royal, South Carolina, with a site restriction of 24.7 kilometers southwest of the community to avoid shortspacing WNKT, Channel 298C, St. George, South Carolina (and in order to specify the present WLOW transmitter site). The

1) Information concerning Hollywood provided by Phyllis Cole, Town Clerk/Treasurer.

reference site for the proposed allotment of Channel 300C2 at Port Royal, South Carolina, is North Latitude 32° 13' 36" and West Longitude 80° 50' 53".

5. Attached as Exhibit #3 is a map depicting the area to locate a transmitter site for Channel 300C2 at Port Royal, South Carolina. Further, attached as Exhibit #4 is a §73.207 spacing study demonstrating that Channel 300C2 meets the Commission's minimum distance separation requirements to all licensed, applied for or proposed facilities, with the exception of the licensed facilities of WLOW. From the proposed reference site, a 3.16 mV/m (70 dBu) signal will be provided over all of Port Royal.

6. Therefore, the Joint Petitioners herein request the following changes in §73.202 of the Commission's rules.

Hollywood, South Carolina

Present	Proposed
None	259C

Port Royal, South Carolina

Present	Proposed
259C	300C2

Hilton Head Island, South Carolina

Present	Proposed
291C2, 300C2	291C2 ²

2) Full-time AM station WFXH, 1130 kHz, will also remain licensed to Hilton Head Island, South Carolina.

PUBLIC INTEREST

7. The re-allotment of Channel 259C to Hollywood will provide that community with its first locally licensable station, without depriving Port Royal of its only local service, since Channel 300C2 is proposed as a replacement channel. Further, the re-allotment of Channel 300C2 to Port Royal will not deprive Hilton Head Island of its only local service since station WFXH-FM, Channel 291C2, and full-time AM station WFXH, 1130 kHz, will remain licensed to Hilton Head. A re-allotted WJZX, operating on Channel 259C at Hollywood, will provide 60 dBu service to 812,140 persons in 18,830.0 square kilometers.³ WLOW, operating on Channel 300C2 at Port Royal, South Carolina, will provide 60 dBu (1.0 mV/m) service to 405,926 persons in 8,605.3 square kilometers.⁴ Once Channel 259C is allotted to Hollywood, South Carolina, Apex Broadcasting, Inc., will submit FCC Form 301 to implement the change in community of license. Further, once Channel 300C2 is allotted to Port Royal, South Carolina, Monterey Licenses, LLC, will submit the required application to implement the change in community of license. Since this proposal does not call for the relocation of either WJZX or WLOW from their respective licensed sites, there are no loss area issues associated with this proposal.

8. While neither Hollywood or Port Royal are located in any Urbanized Area, as designated by the United States Census, the authorized WJZX licensed facilities do provide coverage into the nearby Charleston Urbanized area. The licensed WJZX facilities provide 70 dBu coverage to only 4.2% of the Charleston Urbanized area, as shown on Exhibit #5. Since

3) Based on the licensed facilities of WJZX, utilizing 2000 US Census data.

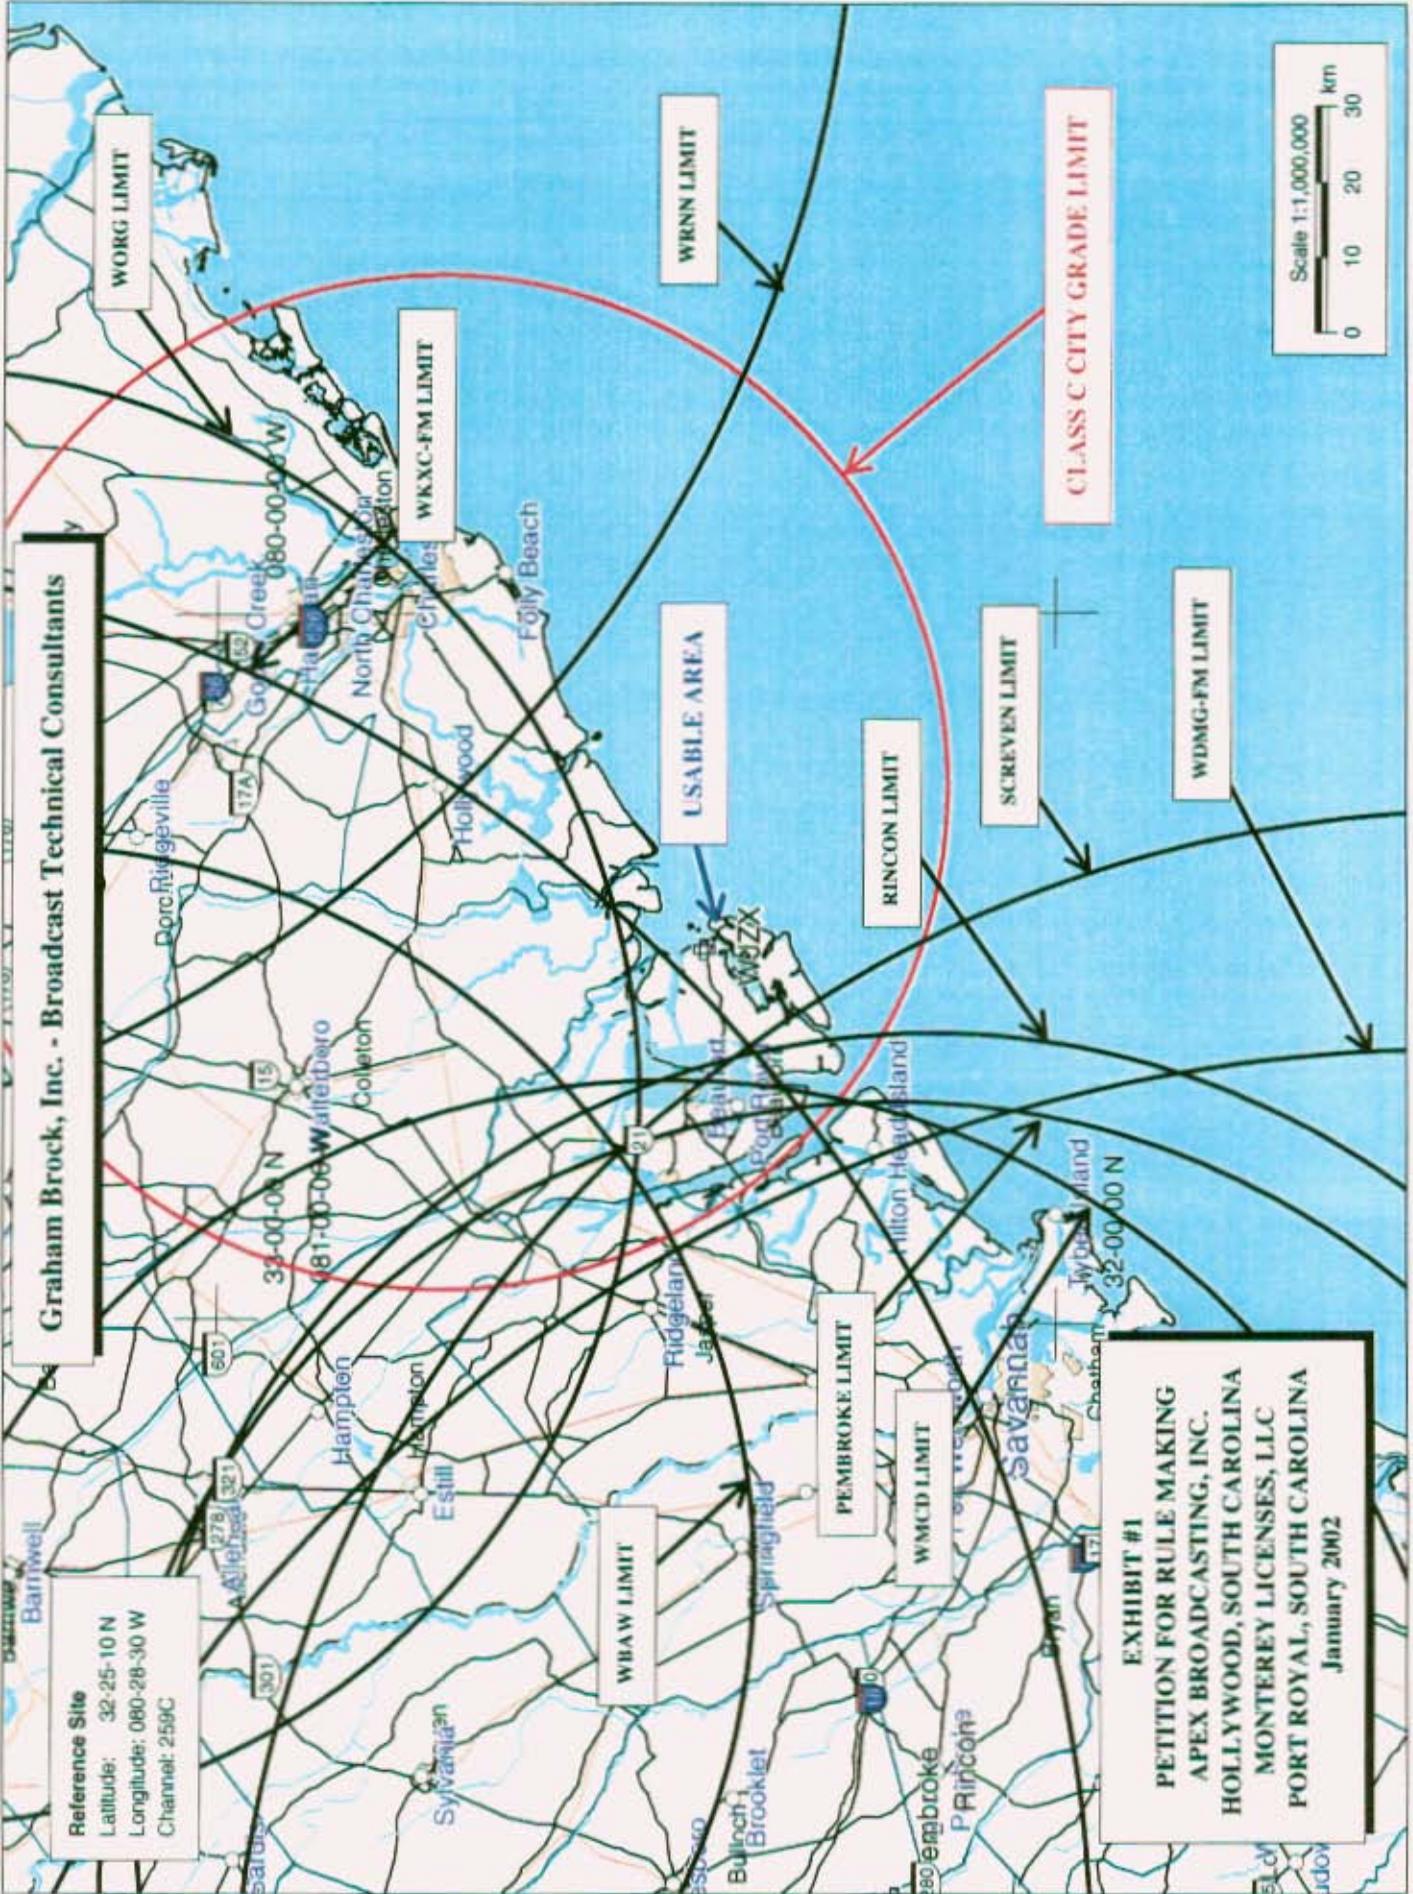

4) Based on the licensed facilities of WLOW, utilizing 2000 US Census data.

the proposed reference site for Hollywood is the present WJZX site, no change in the coverage to the urbanized area would occur based on this present proposal.

9. The licensed WLOW facility provides coverage into the nearby Savannah, Georgia, Urbanized Area. The licensed WLOW provides 70 dBu coverage to 34.9% of the Savannah Urbanized Area, as shown on Exhibit #6. As previously noted, the proposed reference site is the licensed WLOW transmitter site. As such, no change in the coverage of the Urbanized Area will occur as a result of this instant petition.⁵

10. The foregoing technical statement was prepared on behalf of Apex Broadcasting, Inc., and Monterey Licenses, LLC, by Graham Brock, Inc., Technical Consultants. All data related to FM facilities was extracted from the CDBS database. We assume no liability for errors or omissions in that database that may be adverse to the requests contained herein.

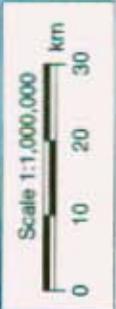

5) Since no actual change in coverage over the Urbanized Area is expected, the coverage of the Urbanized Area is less than 50% and the proposed community of Port Royal is not located in the Savannah Urbanized Area, no Tuck analysis appears to be necessary.
