Dear Mr. Caton :

On Thursday February 7, 2002, Gene Robinson of EA Robinson Consulting and the undersigned met with Commission staff on behalf of Savi Technology, Inc. ("Savi"). Julius Knapp, Karen Rackley, and Hugh Van Tuyl of the Office of Engineering and Technology were present at this meeting.

The purpose of this meeting was to inform the Commission of Savi's work in testing the effects of its products on particular users of the Amateur Radio community and also to discuss the *ex parte* filing of the ARRL submitted on January 31, 2002, which provided technical analysis of the Savi system. The attachments to this letter were discussed in detail.

In accordance with the Commission's rules, an original of this letter is being electronically filed for inclusion in the relevant docket file. If you have any questions or need any additional information, please let me know.

Sincerely,
