Re: Revision of the Commission's Rules to Ensure Compatibility with
Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102/

Dear Mr. Caton:

Michael Amarosa, Philip Verveer, and I, on behalf of TruePosition, Inc., met with Kris Monteith and other Wireless Telecommunications Bureau officials. We explained that TruePosition's network-based solution for GSM carriers meets or exceeds the Commission's E911 Phase II accuracy requirements today. We also discussed the appointment of Dale Hatfield to lead an inquiry into technical and operational issues affecting E911 deployment.

In accordance with the Commission's rules, I am submitting two copies of this letter.

Sincerely,

David M. Don
