**DOMESTIC SECTION 214 APPLICATION FILED FOR CONSENT TO TRANSFER
CONTROL OF COAST TO COAST TELECOMMUNICATIONS, INC. FROM RIVIEN
U.S.A. TO ALLEGIANCE TELECOM**

PLEADING CYCLE ESTABLISHED

CC Docket No. 01-299

On September 26, 2001, Allegiance Telecom, Inc. ("Allegiance Telecom"), filed an application pursuant to section 214 of the Communications Act of 1934, as amended ("the Act"), 47 U.S.C. § 214, and section 63.01 of the Commission's Rules, 47 C.F.R. § 63.01, requesting Commission approval *nunc pro tunc* to transfer control of Coast to Coast Telecommunications, Inc. ("Coast"), a common carrier authorized to provide domestic telecommunications services pursuant to its blanket § 214 authorization, from Rivien USA, LLC ("Rivien") to Allegiance Telecom.¹

Additionally, on November 6, 2001, Allegiance Telecom filed a request for Special Temporary Authority ("STA") to operate while the Commission considered its pending transfer of control application. The Common Carrier Bureau granted the STA request, and later issued a reminder to carriers that prior approval is required for transfer of control transactions.² Allegiance Telecom states that it needed to quickly consummate a series of transactions whereby Allegiance Telecom acquired the stock of Coast, and Coast subsequently became an indirect wholly-owned subsidiary of Allegiance Telecom. Allegiance Telecom states that the parties to the transaction failed to timely notify the Commission of the transaction inadvertently and due to an administrative oversight. The applicant requests Commission approval to transfer control of the domestic 214 authorization held by Coast and its subsidiaries.³

¹ See Application of Allegiance Telecom, Inc. for *nunc pro tunc* authority to transfer control of the blanket domestic section 214 authority of Coast to Coast Telecommunications, Inc. from Rivien USA, LLC to Allegiance Telecom, Inc., CC Docket No. 01-299 (filed September 26, 2001).

² See Common Carrier Bureau Issues Reminder to Providers of Domestic Telecommunications Services to Request Authorization under Section 214 prior to Engaging in a Transfer of Corporate Control, *Public Notice*, DA 02-162 (rel. Jan 17, 2002).

³ Rivien Communications, Inc. had filed for Chapter 7 bankruptcy at the time of the Transaction.

Although the identity of Coast's ultimate parent has changed as a result of the transaction, Coast continues to provide services to its existing customers under existing service arrangements. Allegiance Telecom asserts, therefore, that the transaction is virtually transparent to Coast customers.

Coast is a privately held Delaware corporation with its principal offices located at 2555 South Telegraph, Bloomfield Hills, Michigan 48302. Prior to the Transaction, Coast was a subsidiary of Rivien. Coast is authorized to provide resold U.S. international telecommunications services pursuant to its international section 214 authorization. In addition, Coast provides domestic interexchange service pursuant to blanket domestic Section 214 authority and provides domestic intrastate service pursuant to its state authorizations.

Rivien (formerly known as Cl@rity USA, LLC) is a Delaware limited liability company. Rivien is a wholly owned subsidiary of Rivien Communications, Inc. (formerly known as Cl@rity Communications, Inc), a Delaware corporation that recently declared bankruptcy.

Allegiance Telecom is a publicly-traded Delaware holding company (Nasdaq:ALGX) that offers, through its operating subsidiaries, a complete package of facilities-based integrated communications services. Allegiance Telecom, through its subsidiaries, is currently operational in 34 U.S. markets. Allegiance Telecom offers domestic interexchange service through its indirect wholly owned operating companies pursuant to blanket section 214 authority.

Allegiance Telecom asserts that the purchase of Coast by Allegiance will serve the public interest by ensuring the financial stability of Coast, and the provision of long-term, uninterrupted service. Allegiance Telecom states that Coast is a relatively small international reseller and provider of domestic services and that Allegiance Telecom is already a parent company to an authorized carrier with better financial resources and a proven record of providing high quality telecommunications services.

GENERAL INFORMATION

The transfer of control request identified herein has been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any transfer of control application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies.
