Dear Mr. Salsa:

This letter refers to the petition for rule making you filed on November 13, 2001, requesting the allotment of FM Channel 286A to Hugo, Oklahoma.

An initial review of your petition shows that it is unacceptable for consideration at this time. The proposal for Channel 286A at Hugo is short-spaced to the vacant allotment for Channel 286A at New Boston, Texas. Although no station has been licensed for Channel 286A at New Boston, the allotment reference points for that channel are protected from interference from other proposed allotments and applications for FM facilities. See Section 73.208 of the Commission's Rules.

In light of the foregoing, we are returning your petition for rulemaking.

Sincerely,

John A. Karousos
Chief, Allocations Branch
Policy and Rules Division
Mass Media Bureau

In the Matter of)
)
Amendment of 73.202 (b)) MM Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Hugo, Oklahoma))

To: Chief, Allocations Branch
Mass Media Bureau

PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 286A (105.1 Mhz) at Hugo, Oklahoma.

DISCUSSION

Hugo, Oklahoma is an incorporated community of over 5,535 people. Petitioner respectfully submits that the public interest would be served by allocating Channel 286A to Hugo, Oklahoma, as that community's first competing FM service. Hugo has its own mayor, William Smith, its own fire department, its own post office, its own school district, its own City Hall and a number of local churches. The proposed channel 286A will provide additional diversity and an outlet for local self-expression to Hugo residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 286A can be allocated to Hugo, Oklahoma consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

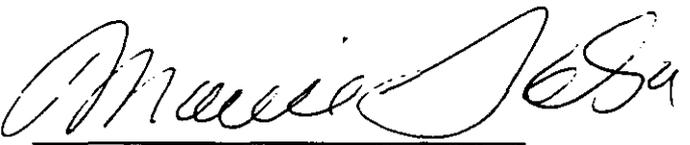

33 56 58 N
95 31 57 W

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 286A to Hugo, Oklahoma.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

By:
