PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 283A (104.5 Mhz) at Memphis, Texas.

DISCUSSION

Memphis, Texas is an incorporated community of 2,431 people as of January 1, 1998 according to the Texas State Data Center. Memphis is also the county seat of Hall County. Petitioner respectfully submits that the public interest would be served by allocating Channel 283A to Memphis, Texas, as that community's first competing commercial FM service. Memphis has its own mayor, Roger Messer, its own post office, its own fire department, its own school district, its own city hall and a number of local churches. The proposed channel 283A will provide additional diversity and an outlet for local self-expression to Memphis residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 283A can be allocated to Memphis, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

34 41 14 N
100 27 03 W

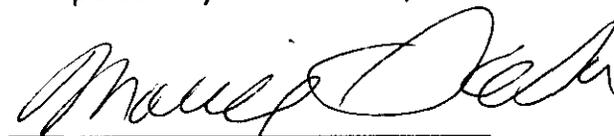

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 283A to Memphis, Texas.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

By:
