

This company has scammed thousands of people out of millions of dollars. Share holders are being left with nothing. Retirement funds, childrens college funds, needed money for families has been stolen by this company from all who have purchased its stock. The total worth or value of this company will only be given to a select few with the power to protect themselves and their investments for the betterment of themselves. Management of this company needs to be prosecuted for their actions, theft, and false claims. Companies in this country CANNOT continue to run up HUGH debts knowing they can just file a chapter 11 and shed their debt with no recourse and letting top management to profit from these actions.
