## COMMISSION SEEKS COMMENT ON AT&T REQUEST TO CONTRIBUTE TO UNIVERSAL SERVICE BASED ON PROJECTED REVENUES

### PLEADING CYCLE ESTABLISHED

CC Docket No. 96-45

Release Date: February 26, 2002

**Comment Date: 21 days from publication in the Federal Register**

**Reply Comment Date: 31 days from publication in the Federal Register**

On December 13, 2002, AT&T filed a request with the Commission to contribute to universal service based on its projected revenues on a going-forward basis.<sup>1</sup> Pursuant to section 54.711(c) of the Commission's rules, universal service contributions are based on a contributors' historical gross-billed end-user interstate and international telecommunications revenues, which are reported on a quarterly basis on the FCC Form 499-Q.<sup>2</sup> The FCC Form 499-Q instructs contributors to report their revenues from the prior calendar quarter.<sup>3</sup> These revenue data then serve as the basis for contributions assessed in the next calendar quarter.<sup>4</sup> AT&T asks the Commission to permit it to contribute based on its projected revenues for the current quarter, subject to true up with actual revenues, instead of contributing to universal service based on historical revenues from two quarters prior.<sup>5</sup> AT&T contends that grant of its request is warranted because the interval between reporting and assessment of contributions under the current rules, combined with AT&T's declining interstate and international revenues, force it to recover its universal service contributions from a smaller customer base than the one on which it

<sup>1</sup> See Letter from Robert W. Quinn, Jr., AT&T, to Magalie Roman Salas, Federal Communications Commission, filed Dec. 13, 2001 (*AT&T Request*). On February 7, 2002, AT&T renewed its request. See Letter from Robert W. Quinn, Jr., AT&T, to Magalie Roman Salas, Federal Communications Commission, filed Feb. 7, 2002.

<sup>2</sup> See 47 C.F.R. § 54.711 ("[c]ontributions shall be calculated and filed in accordance with the Telecommunications Reporting Worksheet which shall be periodically published in the Federal Register").

<sup>4</sup> For example, on February 1, 2002, contributors reported their revenues for the fourth quarter of 2001. Revenues reported on February 1, 2002, will serve as the basis for contributions assessed in the second quarter of 2002.

<sup>5</sup> See *AT&T Request* at 1-2. AT&T proposes to submit a projection of its revenues for the first quarter of 2002 and to contribute to universal service in the first quarter of 2002 based on that projection. *Id.*
