Reference: **WT DOCKET NO. 01-352**

Dear Judge Steinberg:

I have seen a Motion from the Enforcement bureau in which the Bureau asks me to admit that I deliberately lied, in my earlier hearings. I, of course, deny that. Unfortunately, my denials prove nothing, since I am the only person who knew what was in my mind.

I am, however, willing and eager to take a polygraph exam, administered by any expert acceptable to the Bureau, and hereby offer to do so, at a mutually agreeable time and place. The results of that exam will establish my state of mind and will, I believe, confirm that I did not deliberately lie about anything.

Respectfully,

Herbert Schoenbohm
