RECEIVED & INSPECTED
APR 17 2002
FCC - MAILROOM

April 07, 2002

Mr. William Caton, Secretary
Federal Communications Commission
Washington DC 20554

Dear Mr. Caton,

99-339

In reference to MM Docket 93-339
Implementation of Video Description
of Video Programming

Please support the rule mandating the beginning of described commercial television beginning April 1, 2002.

One third of the people in our theatre company alone, are blind or vision impaired. We are looking forward to being included in full participation of what video offers in learning, information and entertainment.

I am writing to urge the FCC to vigorously and swiftly support the rule issued in July 2000.

Sincerely,

DETROIT & STOLE T

Betty Stanley
