

Dear FCC Commissioners & Staff:

Write your letter here.

Chairman F.C.C  
Washington, DC

To whom it may concern.

My name is Larry Fields. I live in Louisville, Ky. Until my independent ISP, IGLOU, started pushing the local baby bell ( Bell South), there was NO DSL service available. The only broadband access was either cable, or a T line of some sort.

It is never a good idea to stifle competition. Please don't pass any new regulations, or taxes that would give the cable companies, and the Baby Bell any more a monopoly they they already have.

Please remember only the Government can grant monopolistic powers. I remember this, and VOTE accordingly.

Sincerely  
Larry Fields

Sincerely,

Larry Fields
