Friendswood, Texas 77546

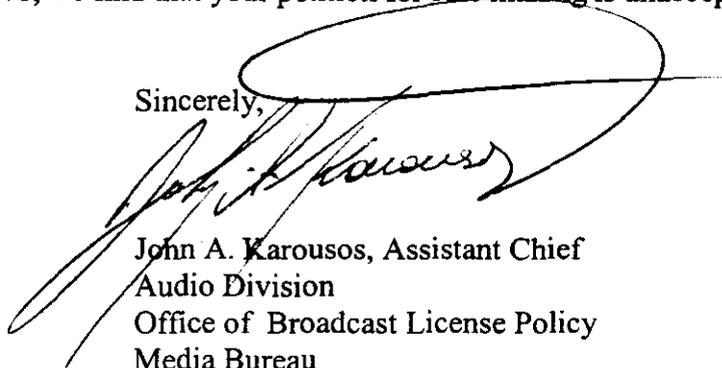

Dear Sir or Madam:

This is in response to the petition for rule making you filed requesting the allotment of Channel 292A to Three Rivers, Texas, as that community's second local FM transmission service.

A staff engineering analysis of the proposal reveals that Channel 292A cannot be allotted to Three Rivers consistent with the minimum distance separation requirements of Section 73.207(b)(1) of the Commission's Rules. Based upon the use of transmitter site coordinates specified in your petition at 28-21-51 NL and 98-13-24 WL, your proposal is 100.2 kilometers short spaced to a pending proposal in MM Docket No. 01-147 to allot Channel 292A at George West, Texas, at proposed coordinates 28-20-33 NL and 98-14-45 WL. The comment period in that proceeding expired on August 27, 2001, and therefore the filing of competing proposals is cut off.

Based upon the above, we find that your petition for rule making is unacceptable for consideration.

Sincerely,

John A. Karousos, Assistant Chief  
Audio Division  
Office of Broadcast License Policy  
Media Bureau
