NOTICE OF PROPOSED RULE MAKING

Adopted: April 22, 2002

Released: April 26, 2002

Comment Date: June 17, 2002
Reply Comment Date: July 2, 2002

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by San Mateo County Community College District ("San Mateo Community"), licensee of noncommercial educational station KCSM-TV, NTSC channel *60, San Mateo, California. San Mateo Community requests the substitution of DTV channel *43 for station KCSM-TV's assigned DTV channel *59.

2. San Mateo Community states its proposed channel substitution will serve the public interest since it will enable station KCSM-TV to avoid investing unrecoverable capital expenditure to construct an out-of-core temporary digital facility. San Mateo Community maintains that the cost-savings and in-core allotment afforded by its proposal are important for a noncommercial licensee such as itself, as the Commission has recognized in analogous cases, citing; *Evansville, Indiana ("Evansville")*, 16 FCC Rcd 2281 (2001). San Mateo Community further contends that adoption of its proposal would permit maximize efficient use of the spectrum since DTV channel *43 would completely encompass the City of San Mateo, while providing service to a population of 5,438, 371 persons.

3. We believe San Mateo Community proposal warrants consideration. DTV Channel *43 can be substituted for DTV Channel *59 at San Mateo, California, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates 37-45-19 N. and 122-27-06 W. In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2).¹ We propose to substitute DTV Channel *43 for DTV

¹ San Mateo states that it is willing to accept 2.2 percent interference from the proposed facilities of La Dov Educational Outreach, Inc. La Dov proposes to substitute DTV channel *43 for NTSC channel *52 at Sacramento,

Channel *59 for station KCSM-DT at San Mateo with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
CA San Mateo	*43	1000	444

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
San Mateo, California	*59	*43

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before June 17, 2002, and reply comments on or before July 2, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

Margaret L. Tobey
Morrison & Foerster LLP
2000 Pennsylvania Avenue, NW
Suite 5500
Washington, DC 20006
(Counsel for San Mateo County Community College District)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

California.
