Re: WT Docket No. 02-55
Ex Parte Presentation

Dear Ms. Dortch:

On May 15, 2002, Gary Grube, Stu Overby, Mario Durango, Bruce Muller, and I, all with Motorola, Inc. ("Motorola") met with Dr. Paul Kolodzy, Senior Spectrum Policy Advisor in the Office of Engineering and Technology, regarding the Commission's above-captioned rulemaking on public safety communications in the 800 MHz band. During our meeting, we discussed issues related to interference to public safety communications at 800 MHz as described in the attached presentation.

Sincerely,
