Dear Ms. Dortch:

On June 5, 2002, Antoinette Cook Bush and Sophia Collier of Compass Systems, Inc. ("Compass") met with Jane Mago, David Horowitz and Adam Krinsky of the Office of General Counsel. Ms. Bush also spoke via telephone with Sasha Field of the International Bureau. The Compass representatives urged the prompt acceptance for filing of Compass's Direct Broadcast Satellite ("DBS") space station application, as amended. The Compass representatives asserted that the Commission should establish in its satellite licensing streamlining rulemaking (IB Docket Nos. 02-34 and 00-248) a method for resolving any mutual exclusivity that results from the filing of other DBS applications in the processing round. The Compass representatives noted also that the Commission has accepted for filing SES Americom's petition for declaratory ruling even though the petition was filed subsequent to the Compass DBS application.
