Re: Written *Ex Parte* Presentation In WT Docket No. 02-55

Dear Ms. Dortch:

On behalf of Motorola, Inc., attached is an *ex parte* letter delivered today to Mr. Michael Wilhelm of the Wireless Telecommunications Bureau addressing the technology design considerations for improving the intermodulation interference rejection performance of public safety radio units. This letter should be associated with the record in WT Docket No. 02-55.

Please contact me with any questions on this submission.

Sincerely,
