**Quarterly Report of Leaco Rural Telephone Cooperative, Inc.
Regarding TTY Access to Digital Wireless Systems**

Leaco Rural Telephone Cooperative, Inc. ("Leaco") hereby reports on its implementation of text telephone ("TTY") access to digital wireless systems, in compliance with the Federal Communications Commission's ("FCC" or "Commission") *Waiver Grant Order* in the above-captioned proceeding.¹

On May 31, 2002, Leaco filed for a limited waiver of the June 30, 2002 deadline for operators of digital wireless systems to be capable of transmitting 911 calls from individuals with speech or hearing disabilities through the use of text telephone ("TTY") devices.² In its waiver petition, Leaco noted that Lucent, its infrastructure provider, had informed Leaco that the earliest that it expected to be able to deliver the necessary software upgrade to Leaco was October 2002. Leaco has subsequently been in contact with Lucent and Lucent maintains that it remains on schedule for the necessary software delivery and installation. Assuming that Lucent can stay on this schedule, Leaco expects

¹ *In re Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems*, Order, CC Docket No. 94-102, DA 02-1540 (June 28, 2002) ("*Waiver Grant Order*").

² 47 C.F.R. § 20.18(c).

that Lucent can deliver and install the TTY upgrade software by November 2002, and that Leaco can test the TTY solution and have it working by December 31, 2002.
