Subject: ~~MM~~ Docket No. 99-339

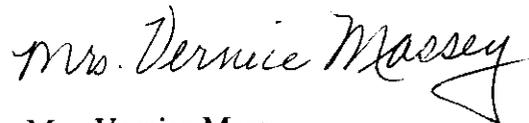

Dear Mr. Caton:

In reference to the above subject I would like to add my support to the video description to television broadcasting.

I think that this is a disservice to the visually impaired citizens to not have this provided for by the television, movie and cable industry. I fully support this effort by the ACB in fighting for DVS. I hope you will try to fight against the petition that the Motion Picture Association of America has filed asking to delay this service.

Thank you very much for the support of the Visually Handicapped Citizens of the USA.

Sincerely,

Mrs. Vernice Massey
