

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

I am writing you today in support of receiving local channels through satellite TV. I live in an area where 3 counties come together, and cannot receive my local channels. When asked to receive them through my satellite provider, they informed me that they must go by the zip code in order to provide them. As I live in one county, but have another counties' zip code, I was refused. This is the way the postal system is set up in our area, and we cannot change this. As our local government wants it's residents to keep informed of what is happening in our area, we cannot do this without receiving our local channels via satellite. Please help us residents to keep informed and be aware of what is happening in our area. Thank you for your time.

Sincerely,

Donna Bottoms
