Dear Chairman Powell:

Hello fellow Americans I would like to voice my dissatisfaction with this merger. You see by Dish Network buying Directv it will cause all the owners of Ultimate TV to lose they're service and features. From what I understand Ultimate TV is not compatible with Dish Network technologies and alot of people have spent over \$200 on an Ultimate TV box not including other accessories needed to get the service from Ultimate TV. I don't like the idea of having to go with just one choice no matter what Im buying these days and Directv offers that second choice and is in my eyes a great way to keep the satelite product better and more affordable. If this merger goes through I would like to see some clause or compensation for Ultimate TV owners. This deal is not a win win deal not for Directv and Ultimate TV subscribers.
