RE: WT Docket 02-55, Ex Parte Communication

Dear Ms. Dortch:

Relevant to the above-referenced docket, this is to reiterate and identify for the public record that Project 39 of the Association of Public-Safety Communications Officials-International, Inc. ("APCO") is maintaining a database of reported cases of interference to 800 MHz public safety radio systems. APCO believes that these represent a small number of the actual instances of interference, most of which are not fully documented. Additional reports are added to this database upon receipt by APCO. The database can be found at the following website:

[http://www.apco911.org/frequency/project\\_39/downloads/combined.txt](http://www.apco911.org/frequency/project_39/downloads/combined.txt)

Copies of this correspondence will be provided via electronic mail to the following Commission personnel:

Peter Tenhula, legal advisor to Chairman Powell  
Bryan Tramont, legal advisor to Commissioner Abernathy  
Paul Margie, legal advisor to Commissioner Copps  
Sam Feder, legal advisor to Commissioner Martin  
Thomas Sugrue, Chief, WTB  
Kathleen O'Brian Ham, Deputy Chief, WTB  
D'Wana Terry, Chief, Public Safety & Private Wireless Division

Please contact the undersigned should the Commission have any questions or require additional information.

Respectfully submitted,

Robert M. Gurs  
Counsel for APCO
