Re: Applications for Consent to the Transfer of Control of Licenses from Comcast Corporation and AT&T Corp., Transferors, to AT&T Comcast Corporation, Transferee, MB Docket No. 02-70

Dear Ms. Dortch:

In the above-entitled proceeding, the Commission staff has asked whether AT&T Broadband offers cable telephony on a stand-alone basis. AT&T Broadband offers local cable telephony on a stand-alone basis and also as part of a package of services, including video service, cable modem service, and long distance telephone service. Thus, customers in areas where AT&T Broadband offers cable telephony can obtain local cable telephony service without having to purchase any other AT&T Broadband service.

Sincerely,

/s/Stephen C. Garavito
