

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

This merger is the wrong thing for the FCC to support. It will create a monopoly, which is bad for consumers. If history has taught us anything, it is that deals like this one are an offshoot of greed. I feel with all my heart that this merger is the wrong thing for everyone but the companies taking part. The merged company will have sole access to the main media source in millions of American homes, able to control both price and the channel content. When there is no competition, it raises dangerous concerns. I hope this merger is soon dismissed as the poor idea it seems to be.

Sincerely,

AMy Tillinghast
