Re: Application of Qwest Communications International, Inc.
To Provide In-Region InterLATA Services in the States of Colorado,
Idaho, Iowa, Nebraska and North Dakota, WC Docket No. 02-148

Application of Qwest Communications International, Inc.
To Provide In-Region InterLATA Services in the States of Montana,
Utah, Washington & Wyoming, WC Docket No. 02-189

Dear Ms. Dortch:

At the request of the Department of Justice, Qwest provided two versions of its view of PO-20 results. The first table (attached) reflects the actual June and July PO-20 results, as well as an estimation of the results that would have been reported for April and May if the PID had existed at that time. In the second table, Qwest recast the results removing errors that would have been eliminated by new edits implemented in IMA 10.1, which deployed the weekend of August 18th. These edits address the accuracy of the PON and due date fields. The intent of the second table was to identify the improvement in PO-20 results that Qwest anticipates based on these new edits.

The twenty-page limit does not apply as set forth in DA 02-1390 and DA 02-1666.

Sincerely,

A handwritten signature in cursive script that reads "Hance Haney".
