Re: *Application of Qwest Communications International, Inc.  
To Provide In-Region InterLATA Services in the States of Colorado,  
Idaho, Iowa, Nebraska and North Dakota, WC Docket No. 02-148*

*Application of Qwest Communications International, Inc.  
To Provide In-Region InterLATA Services in the States of Montana,  
Utah, Washington & Wyoming, WC Docket No. 02-189*

Dear Ms. Dortch:

Qwest hereby responds to a question from the Wireline Competition Bureau regarding OP-5+ and whether orders that contain features flow through or are they manually processed? What percentage flow through and what percentage are manually processed?

As stated in the "Product Flow-Through Eligibility Table,"<sup>1</sup> resale and UNE-P POTS LSRs requesting conversions with voice mail or partial conversion of accounts with multi-line hunting are not not eligible for flow through. No other feature request causes an otherwise eligible LSR to be excluded from flow through.

Resale and UNE-P POTS LSRs requesting the conversion, addition, deletion or change of features are eligible for flow through. However, not all eligible LSRs successfully flow through, therefore, some LSRs requesting features will be manually processed. Qwest does not track the number of LSRs that have features that flow-through.

---
