Re: *Application by Qwest Communications International, Inc., for Authorization to Provide In-Region InterLATA Services in the States of Colorado, Idaho, Iowa, Nebraska and North Dakota, Docket No. 02-148.*

Application by Qwest Communications International, Inc., for Authorization to Provide In-Region InterLATA Services in the States of Montana, Utah, Washington and Wyoming, Docket No. 02-189.

Dear Ms. Dortch:

On Monday August 26, 2002. David Lawson of Sidley Austin Brown & Wood, Len Cali and I met with Commissioner Kevin Martin, Monica Desai, Commissioner Martin's acting Legal Adviser for these proceedings, and Emily Willeford, Commissioner Martin's Special Assistant, to discuss issues related to the aforementioned proceedings. In short, we urged Commissioner Martin to reject the Qwest applications for failure to comply with the requirements of the Section 271 checklist as well as on public interest grounds.

We explained that Qwest's August 20 proposal to file some of the secret Interconnection Agreements in its region does not cure the discrimination issues raised by Qwest's secret deals, nor does Qwest's proposal remove the qualification that KPMG has affirmatively made on its third party OSS test results because of the potential that those results were tainted by preferential treatment given to CLEC secret deal recipients. In addition, we reiterated the fact that serious deficiencies remain with respect to Qwest's operational support systems and pricing of unbundled network elements that individually require the Commission to find that the checklist has not been met and that the public interest would not be served by granting the referenced applications.
