RE: CC Docket No. 00-257

Dear Ms. Dortch:

Pursuant to the streamlined procedures of Section 64.1120(e)(1) of the Commission's Rules, 47 C.F.R. § 64.1120(e)(1), Western Communications, Inc d/b/a Logix Communications, by its attorneys, hereby notifies the Commission of the planned transfer of the subscribers of Logix Communications Corporation to Logix Communications. Logix Communications Corporation customers will be transferred to Logix Communications after all required regulatory approvals are received and all affected customers have been provided with 30-day notice of the transfer. The parties expect to transfer all Logix Communications Corporation customers to Logix Communications on or after October 5, 2002. Logix Communications will continue to provide Logix Communications Corporation customers with the same local, long distance, and data telecommunication services formerly provided by Logix Communications Corporation.

By this notification letter, Logix Communications certifies compliance with the advance subscriber notification requirements of Section 64.1120(e)(3) of the Commission's rules, 47 C.F.R. § 64.1120(e)(3). The attached notice letter is being sent to Logix customers in Arkansas, Kansas, Missouri, Oklahoma, and Texas.

I am enclosing a self-addressed, stamped envelope so that you may return to me a file-stamped copy of this letter. If you have questions or need additional information about the filing, please contact me at (512) 225-0027.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Bradford W. Bayliff".

Dear LOGIX Customer:

On April 26, 2002, I sent out a letter giving an update on the status of LOGIX Communications Corporation (LOGIX). What a response! It was good to hear from all of you who contacted me. Most of the comments were great and some weren't so great but they all provided valuable feedback. The groundswell of support was overwhelming. – Thank you!

Things at LOGIX continue to progress at a rapid pace. We have continued to add hundreds of new customers and thousands of phone lines while producing positive results month after month. We also rolled out some exciting tools allowing customers to administer changes to their e-mail accounts via our Web page. We are continuing to refine, develop and expand our efforts to be the easiest telecom company to do business with.

I am pleased to report that we have made significant progress toward ending the LOGIX bankruptcy. Western Communications Inc. was formed to purchase the LOGIX assets and going forward will do business as Logix Communications. We expect to complete the transaction by the end of September. After this transaction, Logix Communications will stand as a growing, debt free, profitable, competitive telecommunications provider that will be well positioned to serve your future needs.

Logix Communications purchase of LOGIX assets will not affect your account in any way.
Your pricing, rates, and services will not change as a result of this transaction.

FCC and Public Utility Commission regulations require that when an asset sale of this type occurs the following information be sent to all customers.

No action is required on your part for your account to remain as is.

Pursuant to an asset purchase agreement approved by the Bankruptcy Court Logix Communications agreed to acquire the CLEC assets of LOGIX and will continue to serve all LOGIX customers. Logix Communications will continue to honor any existing service agreements, including long-term contracts and rates. You will be notified with a billing insert or a separate mailing of any changes in our service offerings, rates or conditions of service before any changes go into effect.

You have the right to select any local service provider and preferred long distance carrier or you can remain with Logix Communications as your provider. All customers, even those who have arrangements for Preferred Interexchange Carrier (PIC) freezes, will transfer to Logix Communications, unless they select another carrier. All existing PIC freezes will be lifted when the account is transferred – you must contact your local service provider if you want to arrange a new PIC freeze. If you do not select another company by October 5th, your account will transfer to the new Logix Communications and Logix Communications will provide service with no changes to you or the way you use your telephone.

If you select another provider, you should contact that company immediately to ensure your service is transferred. You may incur a charge if you select another provider. Logix Communications will be responsible for any long distance carrier charges associated with the transfer of your account to another long distance provider. Logix Communications will be responsible for handling any complaints filed, or otherwise raised, prior to or during the transfer.

For questions please call customer service @ (800) 444-0258.

Your continued confidence in Logix Communications is something we don't take for granted. Our goal is to have you more satisfied than ever with your decision to allow Logix Communications to serve your telecommunication needs. Thank you for your trust, confidence and continued support.

Sincerely,

Matt Asmus
Chief Operating Officer
LOGIX Communications Corporation
