

The Honorable Michael K. Powell  
Chairman  
Federal Communications Commission  
445 12th Street, S.W.  
Washington, D.C. 20554

Dear Chairman Powell:

This DISH/Echo merger should not be allowed. Already DISH alone is unresponsive to the concerns of their customers. My personal involvement with DISH has been a series of rude, incompetent and salacious people and comments. Under no conditions can DISH and Echo being combined deliver anything in the public interest, This merger will eventually fall by the wayside as has ENRON etc.

If you allow this merger, be prepared for the most dire consequences.

The nation will need satellites in the sky for future defense and a weakened and greedy DISH/Echo merger will cause serious national defense and security issues.

Have you learned about the flaws in their security systems and the apparent disconsolate employees?

Do not rush to make an approval that works against the national interest,  
PLEASE.

Sincerely,

David Conant
