Re: Ex Parte Presentation, ET Docket 00-47

Dear Ms. Dortch:

On October 8, 2002, Mike Chartier of Intel Corp., Ken Riordan of Motorola, Inc., Dick Shrum of IIT Research Institute, and I met with Julie Knapp, Karen Rackley, Alan Scime, and Hugh Van Tuyl of the Office of Engineering and Technology (OET) to discuss the SDR Forum's Report on Issues and Activity in the Area of Security for Software Defined Radio, a copy of which was filed electronically as a written *ex parte* in this docket on September 11, 2002. In addition to the Report, we discussed the SDR Forum's ongoing efforts relating to security and authentication issues, and the Forum's intention to maintain a dialogue with OET staff regarding SDR security advances and developments.

Pursuant to Section 1.1206 of the Commission's rules, this letter is being filed electronically. If you have any questions or require any additional information, please do not hesitate to contact me at (202) 730-1345.

Respectfully submitted,
