**Re: Ex Parte Presentation  
CC Docket 01-338 – Triennial Review Proceeding**

Dear Ms. Dortch,

On October 8, 2002, Don Cain, Vice President – Federal Regulatory, Gary Phillips, General Attorney and Assistant General Counsel, and I met with Matthew Brill, Senior Legal Advisor to Commissioner Abernathy. The purpose of this meeting was to discuss SBC's position on unbundled local switching and UNE-P, and, in particular, SBC's position that CLECs are not impaired without access to unbundled local switching and UNE-P. In addition, SBC discussed possible transition mechanisms in the event UNE-P is no longer required. SBC also briefly discussed the ramifications of adopting AT&T's proposed electronic loop provisioning system.

Pursuant to Commission rules, a copy of this notice is being filed in the Commission's Electronic Filing System to be placed in the record in the above-referenced proceeding.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Lamoureux', is written over a large, stylized, cursive flourish that extends across the width of the signature area.
