Re: Improving Public Safety Communications in the 800 MHz Band  
WT Docket No. 02-55

Dear Ms. Dortch:

On October 15, 2002, Laura L. Smith and Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with John Branscome of Commissioner Kathleen Q. Abernathy's office to discuss the above-referenced proceeding seeking to improve the CMRS – public safety interference problem in the 800 MHz band. At the meeting, ITA updated Mr. Branscome on the status of the Consensus Proposal, specifically addressing funding and border region concerns, as well as concerns from the utility and manufacturing communities.

Sincerely,

/s/ Jeremy Denton  
Jeremy Denton
