**NOTICE OF PROPOSED RULEMAKING**

**Adopted: September 11, 2002**

**Released: September 27, 2002**

**Comment Date: November 18, 2002**

**Reply Comment Date: December 3, 2002**

By the Assistant Chief, Audio Division:

1. The Audio Division has before it for consideration a Petition for Rule Making filed by Robert Fabian ("Fabian"), requesting the allotment of Channel 228A at Stuart, Oklahoma, as the community's first commercial broadcast transmission service. Fabian has stated that he will file an application to operate an FM station if the channel is allotted to the community.

2. This proposal warrants consideration because the proposed allotment would provide the community with a first commercial broadcast transmission service. In support of the proposal, Fabian states that Stuart is an incorporated community with a 2000 U.S. Census population of 220 persons. Stuart has its own post office, fire department, school district, city hall, and a number of local churches. A staff engineering analysis indicates that Channel 228A can be allotted to Stuart, Oklahoma, consistent with the minimum distance separation requirements of the Commission's Rules at the city reference coordinates without a site restriction.<sup>1</sup>

3. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Stuart, Oklahoma.

APPENDIX

1 Pursuant to authority found in Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS PROPOSED TO AMEND the FM Table of Allotments, Section 73.202(b) of the Commission's Rules and Regulations, as set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached.

2 Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3 Cut-off protection. The following procedures will govern the consideration of filings in this proceeding:

a. Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (*See* Section 1.420(d) of the Commission's Rules).

b. With respect to petitions for rule making which conflict with the proposals in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

c. The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4 Comments and Reply Comments; Service.
